I left a voicemail for Joan earlier but haven't heard back. Planned to share with Kate and Joan once they're ready to go.

Do you know who we are sending these through
Roger has info from Sarah and is adding some information
But are we sending to Joan or Kate or headquarters
I never saw a response to your email on who in the region wants to review

Thanks, Karrie.

It looks very good. One typo in the 2nd to last sentence on the word "levels"

Also, Can Roger add a summary of the number of public and private wells that exceeded the HAL for PFOA? It is likely Peter will be asked that question. That goes for the fact sheet on the Bucks/Montco sites. Roger is coordinating with HSCD on that one, likely Sarah Kloss.

I'm happy to send this through to HQ, but wanted to give you both an opportunity to put eyes on it first.

I believe we were also tasked with a fact sheet on Bucks/Mont Co PFAS and will follow up with Roger.

These are due to HQ by noon Wednesday Aug 22.

Hi Karrie,

Attached is my write-up for Chemours Washington Works. I think I'm supposed to send it through you. Please let me know if I need to do anything more. Thanks.

Roger
